

18x24

Place this template in a separate layer
in your layout program and delete or turn off
before sending/exporting your file.

Rotate this template to use it horizontally.

Bleed

For borderless edges, extend images, photos
and/or solid background colors 1/8" beyond
the edge of the page. This area (yellow) will
be trimmed during the finishing process.
It should not contain any information you
intend to be seen or read.

Margin

For best results keep text and images that must be seen
and read at least 1/8" from edge of page.

Trim

Edge of page.
